PCO Baytown, TX

PCO's Music Services....

PCO is an authorized service center for some of the biggest names in the commercial music industry. We take the same pride in our music services as we do in our industrial services. We don't care if you are the worlds largest refinery or just Joe Schmoie from down the road we will do our best to get the job done in a reasonable amount of time and still provide the best service possible. We work on anything from 15 watt practice amps to 48 Channel professional mixers to 100 watt full stacks. While we are an authorized service center for several companies, we also work on non-warranty items. We are also the primary service center for several outlaying area music shops. Put our expertise to work for you.
