

# Pco Product News

We at PCO take pride in the size of our Foxboro inventory. From I/A to DCS we can supply you with the parts specific to your application and provide the quality service you need to stay on top. With a variety of Foxboro Transmitters available you are in the prime position to take advantage of our Foxboro inventory and let us find the transmitter right for you. Foxboro designs their transmitters with life in a petroleum process plant in mind, as they are able to produce accurate measurements in high temp, corrosive, high pressure, or low viscosity liquids. Known for their reliability, performance and application versatility these transmitters have been used in plants throughout the world. Give us a call at 281-421-1321 or e-mail [sales@pco2.com](mailto:sales@pco2.com) and put our expertise to work for you!
